Blackwood B, Wilson-Barnett J, Patterson CC, Trinder TJ, Lavery G.  
An evaluation of protocolised weaning on the duration of mechanical ventilation.  

Ferrer M, Valencia M, Nichol J, Berndich O, Badia JR, Torres A.  
Early noninvasive ventilation averts extubation failure in patients at risk: a randomized trial.  
*Am J Respir Crit Care Med*. 2006; 173(2):164-70

A multicenter randomized trial of computer-driven protocolized weaning from mechanical ventilation.  

Quinnell TG, Pilsworth S, Shneerson JM.  
Prolonged invasive ventilation following acute ventilatory failure in COPD: weaning results, survival, and the role of noninvasive ventilation  
*Chest*, 2006; 129: 133-139.

Rose L.  
*Issues in weaning from mechanical ventilation: literature review*.  

Frutos-Vivar F, Ferguson ND, Esteban A.  
Risk factors for extubation failure in patients following a successful spontaneous breathing trial.  
*Chest*, 2006; 130: 1664-1671.
